About 50 members of the Post and Relief Corps attended in a body and while the congregation stood to do them honor marched to their places at the front of the church. The service consisted of music by the regular quartet of the church, the reading of Isaiah 61 and a splendid sermon by Rev. Paul D. Moody from the text "There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown." Genesis 6:4. His talk was concerning the giants of our nation, the men whose deeds are America's history.

A Local Inventor

C. H. Clark, the photographer, is putting on the market a new rubber heel which he has invented and secured a patent on. The heel is circular in form and attached to the shoe by one screw in the center so the heel can be revolved and prevent wearing out on one side. It is also reversible and seems to promise much more wear than the common rubber heel.

This Interests Every Woman

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley's Kidney Pills are the best and safest medicine at such times. You cannot get better purer medicine for backache, weary dragged out feeling, aching joints, irregular kidney and bladder action and nervousness due to kidney troubles. Try them. They are tonic in action, quick in results. C. C. BINGHAM. Adv.
